

Title: Summer Lightning

Verse 1: Weathers changing summers gone
Guess you're moving on
I'm gonna miss your easy smile
How do I say goodbye

Pre-Chorus: You're leaving for no reason
Just the change of season
So I'll help you pack but
Don't look back and
Say goodbye to me

Chorus: We met it was like summer lightning
You're easy ways were so inviting
And as you go you'll see me smiling
Even though inside I'm dying
I don't know how to let you go

Verse 2: I've never been a rolling stone
Never one for leaving home
Me and my feet just wanna stay I
Guess we're made of clay

Pre-Chorus: I'm staying for a reason
I like the change of season
Yes you're good to go and
Follow your rainbow
Maybe you'll think of me

Chorus: We met it was like summer lightning
You're easy ways were so inviting
And as you go you'll see me smiling
Even though inside I'm dying
I don't know how to let you go

Bridge: Summer lightning time to go
Rain on my face from a clear blue sky
Thunder rolling a friendly warning
Like summer lightning you provide the spark
You struck my heart

End: You struck my heart like summer lightning
Inside I felt something igniting
And I don't know if we can make it
You've got my dream please don't break it
No I don't know how to let you go
And as you go you'll see me smiling
Even though inside I'm dying
I just know I have to let you go
Dancing dreaming fading falling
I'll say goodbye to the summer lightning
