

## **Title: Fall**

**Intro:** Refrain

**Verse 1:** I've been walking up this hill of broken glass  
To see the other side where there's a greener shade of grass  
I'm trying to reach the top  
Where I hope you will be waiting  
I need you there to tell me when to stop

**Chorus:** If you want me to fall for you  
You gotta be there to catch me  
Fall  
You want me to fall, fall in love with you  
You gotta be there this time  
Better be there with time to spare  
Fall for you

**Verse 2:** You can't see for looking how I feel for you  
You can't hear for listening the things I say to you  
I'm trying to shout out loud  
But I see that you've gone missing  
Like a pebble bouncing off a cloud

**Chorus:** If you want me to fall for you  
You gotta be there to catch me  
Fall  
You want me to fall, fall in love with you  
You gotta be there this time  
Better be there with time to spare  
Fall for you

**Bridge:** If you miss then I'll blow you a kiss  
As I tumble by without you  
You'll hear me calling out your name

**End:** Fall  
You want me to fall, fall in love with you  
You gotta be there this time  
Better be there with time to spare  
Fall for you  
Fall for you  
You better be there to catch me
