

Title: Falling Through The Song

Introduction: I'm trying to get a lyric
And I'm trying to set a key
But I don't think you get it
Cos this song is you and me
And yes you know I'm falling through this song
Falling through the song

Verse 1: It started with as tune
I thought I'd heard before
Perhaps it needs re-mixing
Tell me what's the score
A complicated rhythm
Conflicting with the chords
You play them like a novice
Your eyes don't sing the words

Chorus: falling through the chorus
Locked inside the verse
Nothing there is for us
It just seems so absurd
Looking for an answer
Looking for the word
Yes I'm falling, falling through the song

Verse 2: Is it fate or something more
When all the pieces seem to fit
Just tell me we're together
And just enjoy the trip
I'll take this song to pieces
Break it into parts
I'll put it back together
I mend broken hearts

Chorus: Repeat

Bridge: should I write a love song and play it from the heart
Or one with Latin rhythm tell me where to start
Yes I can say the words but your heart words won't heal
For they cannot make you feel something you don't feel

Chorus: Repeat and End
