

Title: Firewall

- Verse:** Skirt short heels high
You're not looking will you tell me why
Do I look keen
Hanging out at the coffee machine
I'm hot you're not
Like do you know what it is you got
- Pre-chorus:** I'm gonna send you an e-mail with my virus
Then you'll know it's all about us
I gotta get under your firewall
- Chorus:** Gotta make sure you get infected
With the love bug I've injected
Hit any key it's you and me
Gotta breakdown gotta get round gotta get under your firewall
- Verse:** I must confess
Gotta friend to give me your address
Went round last night
Feeling like a fool it just aint right
What can I do
I'm just so crazy in love with you
- Pre-chorus:** Yes I'm trying hard to get me noticed
You don't seem to see I exist
I gotta get under your firewall
- Chorus:** Gotta make sure you get infected
With the love bug I've injected
Hit any key it's you and me
Gotta breakdown gotta get round gotta get under your firewall
- Middle:** I'm trying to find what we have in common
But you just think it's a come on
I even learnt to play Playstation
I've had enough of this stalking
I think it's time we start talking
Then I'll breakdown your firewall
- Chorus:** Gotta make sure you get infected
With the love bug I've injected
Hit any key it's you and me
Gotta breakdown gotta get round gotta get under your firewall
Gotta breakdown gotta get round gotta get under your firewall
